

## Arc flash retractable Face shield & Helmet HRC3 28cal/cm<sup>2</sup> - BSD

BSD's Arc flash HRC3 Face shield and Helmet is suitable for Arc flash situations, and includes a chin guard for strength and protection in case of an Arc flash incident. Suitable for the electrician that's on the move, as the Face shield simply retracts out of sight with a simple upward motion.

### Key Features:

- Hazard Risk Category: HRC3 28cal/cm<sup>2</sup>
- Medium Impact (B) helps assist against impact in the case of an Arc flash incident
- Face shield can be stowed for visibility or extended to allow for Arc flash protection
- Face shield and Helmet comes with a protective bag to protect Face shield surface
- Clear/Light Smoke Tint ensures true colour retention
- UV breakdown resistant for further durability
- Tough chin guard provides extra protection
- Rear ratchet wheel for easy custom fitting

### Standards:

- AS 4836
- ASTM F2178
- ANSI/ISEA Z.87.1-2010
- DIN EN 166
- DIN EN 170
